Daiwa PI Partners Co. Ltd.

Attention

This is an unofficial translation of an excerpt of the press release issued on May 20, 2015, Daiwa PI Partners Co. Ltd. The original press release is in Japanese.

### **Daiwa PI to Invest in Get Green Energy Corp., Ltd. in Taiwan.**

Daiwa PI Partners Co. Ltd. (President: Hideki Araki, Headquarter: Gran Tokyo North Tower 1-9-1, Marunouchi, Chiyoda-ku, Tokyo), a wholly consolidated subsidiary of Daiwa Securities Group Inc., purchased ordinary shares of Get Green Energy Corp., Ltd. (Chairman and President: James Li, Headquarter: No. 39, Zili Rd., Wuqi District, Taichung City 435, Taiwan /"GGE").

GGE, a privately held company, has successfully improved the solar cell waste slurry recycling process by its original green technology, and has developed the new technology for recovering high purity micron silicon powder from waste slurry. At the same time, GGE also deals with recycling of scraps or by-products produced from the crystal growth process and trading of solar wafers. With its unique environmentally friendly slurry recycling technology and high value-added silicon powder products, GGE plans to explore overseas markets including Japan.
