Attention

This is an unofficial translation of an excerpt of the press release issued on November 7, 2014, Daiwa PI Partners Co. Ltd. The original press release is in Japanese.

Daiwa PI to Invest in Gold NanoTech, Inc. in Taiwan.

Daiwa PI Partners Co. Ltd. (President: Hideki Araki, Headquarter: Gran Tokyo North Tower 1-9-1, Marunouchi, Chiyoda-ku, Tokyo), a wholly consolidated subsidiary of Daiwa Securities Group Inc., subscribed newly issued ordinary shares of Gold NanoTech, Inc. (Chairman and President: Shang-Wen Tang, Headquarter: No. 52, Lane 258, Ruei-Kuang Rd., Neihu District, Taipei City, Taiwan /"GNT") with a subscribed amount NTD90 million of total issued amount NTD108 million.

GNT, a privately held company, has successfully produced the nano-grade edible gold particles (GNT Gold) by using physical vapor deposition technology and Vacuum Condensation Dispersion technology. GNT Gold is the only gold product approved by Taiwan's Ministry of Health and Welfare for manufacturing candy, cake, chocolate and alcoholic beverages (Food Additive License No. 001598). Based on its research on the technology and production at its own distillery, GNT plans to produce gold brewed liquor (the BrewGold Liquor) with the addition of GNT Gold. GNT will utilize the proceeds from this transaction for marketing and promotion of the BrewGold Liquor.
